Honda St1100 Pan European V

The ST1100 Pan European was
launched in 1990 and in 1992 a higher-
specification version that featured ABS
and a very basic form of traction
control called TCS joined the range.

The Pan was updated in 1995 with a
taller screen, altered silencers and
suspension upgrades before Honda's
combined ABS system, C-ABS, was
introduced in 1996 alongside larger
diameter forks and a new 40A
alternator.

Honda ST1100 Pan European Quick Ride & Review - YouTube

The Honda ST series, also known as the Pan-European in Europe, is a duo of Sport Touring motorcycles comprising the ST1100 and the later ST1300. Following the launch of the Gold Wing, which was very successful in the US, Honda's marketing team perceived that the European market would appreciate a lighter, sportier, and more manoeuvrable motorcycle. Introduced in 1990, the ST1100 was given a water-cooled 90-degree V4 engine mounted inline, instead of a flat-
