title Inescapable ecologies : a history of environment, disease, and knowledge / Linda Nash.

Inescapable ecologies : a history of environment, disease ...

With this book, Linda Nash gives us a wholly original and much longer history of “ ecological ” ideas of the body as that history unfolded in California ’ s Central Valley. Taking us from nineteenth-century fears of miasmas and faith in wilderness cures to the recent era of chemical pollution and cancer clusters, Nash charts how Americans have connected their diseases to race and place as well as dirt and germs.
