that legal rules and decisions must be understood in context. Law is not autonomous, standing outside of the social world, but is deeply embedded within society. While political scientists recognize the fundamentally political nature of law, the law and society perspective takes this assumption several steps further by pointing to ways in which law is socially and ...

Law and Society - Oxford Handbooks

Our mission is to publish high quality work at the intersection of scholarship on law, culture, and the humanities. All commentaries, articles and review essays are peer reviewed. We provide a publishing vehicle for scholars engaged in interdisciplinary, humanistically oriented legal scholarship.

Law, Culture and the Humanities: SAGE Journals

Answered May 4, 2017. Law and culture are two distinct concept but sometimes influence one and other in application. Law is what the legislative bodies enacted but culture is what what people adhere to prior to the enactment of law to that effect. In enacting a law in respect of certain matter, the legislature will like to take into account the existing cultural practice in social unless the purpose of such a law is to abolish or modify the culture obtainable in the society.
