Wikipedia

Political history is the narrative and survey of political events, ideas, movements, organs of government, voters, parties and leaders. It is interrelated to other fields of history, especially diplomatic history, as well as constitutional history and public history. Political history studies the organization and operation of power in large societies. By focusing on the elites in power, on their impact on society, on popular response, and on the relationships with the elites in other social hist

The early development of political science was also influenced by law. The French political philosopher Jean Bodin (1530–96) articulated a theory of sovereignty that viewed the state as the ultimate source of law in a given territory. Bodin ' s work, which was undertaken as the modern state was first developing, provided a justification of the legitimacy of national governments, one fiercely defended to this day.

The history of politics spans human history and is not limited to modern institutions of government..

Prehistoric. Frans de Waal argued that already chimpanzees engage in politics through "social manipulation to secure and maintain influential positions." Early human forms of social organization—bands and tribes—lacked centralized political structures.

explores some of the most important thinkers and prominent ideas lying behind modern politics – from Hobbes to Gandhi, from democracy to patriarchy, from revolution to lock down.

~~History Of Ideas — Talking Politics~~

The political history of Zimbabwe starts with the arrival of white people to what was dubbed Southern Rhodesia in the 1890s. The country was initially run by an administrator appointed by the British South Africa Company. The prime ministerial role was first created in October 1923, when the country achieved responsible government, with Sir Charles Coghlan as its first Premier. The third Premier, George Mitchell, renamed the post Prime Minister in 1933. The Rhodesian Prime Minister
