I wanted a different "menu" just for the different levels of reading comprehension. I also wanted a way to get my students thinking about and responding to text in a deeper way while also assessing their progress. I came up with the RISE Menu, which is an acronym for Retell, Infer, Synthesize, Envision & Connect. It is a continuum of reading comprehension, with each letter of the acronym representing a different level of understanding (Retelling being the lowest level, and Synthesizing ...

Latin's importance as a language started languishing with the rise of texts written in national languages. The shift from scholarly Latin to everyday languages marked an important turning point in print culture. The vernacular Bibles were important to other nations, as well. The King James Authorized Version was published in 1611, for example. Along with the religious tracts, the scientific revolution was largely due to the printing press and the new print culture.

A Persuasive Text is a form of non-fiction writing which aims to convince the reader of a certain point of view. Adverts and newspaper columns are good examples of persuasive text. Though there are many techniques to write persuasively, most persuasive texts include a central argument, evidence to support the point and a conclusion, to summarise the text.

Key Points. In the 13th century, Italian authors began writing in their native vernacular language rather than in Latin, French, or Provençal. The earliest Renaissance literature appeared in 14th century Italy; Dante, Petrarch, and Machiavelli are notable examples of Italian Renaissance writers. From Italy the influence of the Renaissance spread across Europe; the scholarly writings of Erasmus and the plays of Shakespeare can be considered Renaissance in character.

Peter Francis Kornicki. Description. Chinese Writing and the Rise of the Vernacular in East Asia is a wide-ranging study of vernacularization in East Asia--not only China, Japan, Korea, and Vietnam, but also societies that no longer exist, such as the Tangut and Khitan empires. Peter Kornicki takes the reader from the early centuries of the common era, when the Chinese script was the only form of writing and Chinese Buddhist, Confucian, and medical texts spread throughout East Asia, through ...
